

HORNET DS

[FULL FACE HELMET]

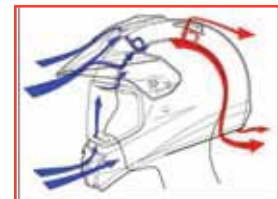

Upper Air Intake

3D Max-Dry System

Slit for Eye Glasses

Ventilation Performance

Shoei introduces their new Hornet DS helmet. This multi purpose helmet will satisfy both street and off-road enthusiasts. This off-road helmet is equipped with a visor, which means you can use it for street and off-road riding without the use of goggles.

- The Hornet DS shell meets or exceeds DOT and SNELL 2010 standards. The shell Structure uses AIM+ (Advanced Integrated Matrix Plus Multi-Fiber) system and 2 layer liner that provide high rigidity and lightweight
- Available in sizes ranging from XS to XL for an incomparable fit
- Air intakes are placed in the front and top of the helmet giving it a perfect airflow system with neck exhausts
- 3 steps open/close shield with 3D Design for High Rigidity and perfect visibility.

- Shield is equipped with a fogging prevention ventilation system
- 2mm thick polycarbonate shield can be positioned in 4 positions including fully opened and fully closed positions. Available in clear and light smoke
- Chin curtain is enclosed that prevents wind rolling
- The 3D Max-Dry Interior system uses high moisture absorption/exhaust synthetic fiber and high textured mesh type material. Fully removable interior is also equipped with a slit for eyeglasses.
- Weight: 3.4lbs / 1560grams (based on size medium solid color)
